

Cindee R. McBride

Acting Director, Administration Resource Management

Cindee R. McBride, MS, BSN, RN, serves as the Acting Deputy Director of Administration Resource Management Federal Occupational Health (FOH). She is responsible for overseeing budget development and execution for FOH, which had a FY15 budget of \$166M with more than 360 federal agencies and serving 2 million federal employees around the world. Cindee directs this program that combines clinical services, financial management experience, administrative skills, occupational nursing/healthcare knowledge, and people development skills resulting in the advancement of the understanding and application of FOH as an organization. She has over 26 years of experience and currently leads a team of 8 to resolve funds management and billing customer satisfaction issues on a daily basis.

Cindee received her Bachelor of Science in Nursing at St. Olaf College in Northfield, MN and has a Master of Science (PHN) focus Occupational Health Nursing at UIC. Additionally, she is a Registered Nurse in the state of Illinois. With over 26 years of experience in the Occupational Health field, she continuously assesses and re-prioritizes workloads at FOH to accomplish yearend goals without issue.
